

# Cancel Shipment

---

This document explains the Cancel Shipment process

POST <https://ship-api-uat.drop2shop.ie/api/shipment/{trackingNumber}/cancel>

## Sample Request

There is no body required in cancelling a shipment. Below is an example of cancelling a shipment for tracking number [DEVU110000000611](#)

POST <https://ship-api-uat.drop2shop.ie/api/shipment/DEVU110000000611/cancel>

## Get Cancelled Shipments

The endpoint to get a shipment (GET <https://ship-api-uat.drop2shop.ie/api/shipment?trackingNumber={trackingNumber}>) will still return data on cancelled shipments.

The `Status` Property of a cancelled shipment will be set to "Cancelled".
